

*'Where young minds grow and young hearts learn to care'*

## St Andrew's Church Of England Primary School

### Vision Statement

We want St Andrew's to be a beacon of our community that inspires adults and children alike with outstanding learning and teaching. Where children develop a thirst and love of learning that will be lifelong. We want St Andrew's to be a school *'Where young minds grow and young hearts learn to care'* through a thoughtful and wide-ranging development of pupils' spiritual, moral, social and cultural development within the Christian faith. We want our values to be our children's virtues.
