Tuesday 21st March 2017

Dear Parents and Carers,

Many thanks for returning the consent form for your child to take part in the Bikeability Cycle Training Course on **Friday 31st March**. We just wanted to send an updated letter with specific details and timings of the training which we have been allocated by Northamptonshire Highways.

Friday 31st March:

Morning session: 10.00 – 12.00 (Level 1 - on the playground to control and master their bikes)

Children will need to bring their bike and helmet to school on **Friday** in order to participate in the training. Please also note that the whole school will be attending the Easter Church Service at 2pm. Your child's bike will be kept at school in the afternoon and **they will need to come back to school after the service** to collect their bike.

To ensure the safety of the children and to save time on the training day, it is essential that the bikes are mechanically sound. We therefore ask you to do a basic check of brakes, tyres and gears etc. the night before the first session to prevent any disappointment. The coach is only qualified to make minor adjustments so any major faults will mean the child will be unable to participate. I have attached an additional copy of the 'Bike and Helmet Checklist' for you to use as a guide when doing your checks.

We hope that this training will help to build children's skills, confidence and enthusiasm for cycling! Let us know if you have any questions or require further information.

Kind regards,

Year 3&4 Teachers
