Introduction:

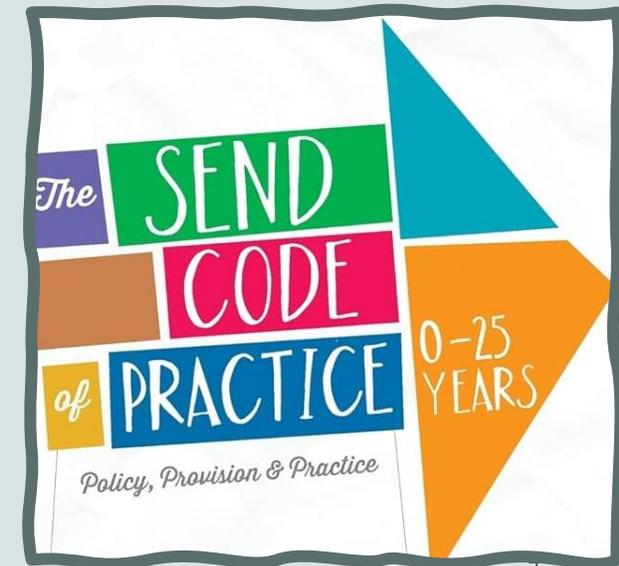

- All Peterborough Diocese Education Trust (PDET) schools have a similar approach to meeting the needs of pupils with Special Educational Needs and/or Disabilities (SEND) and are supported by the trust to ensure that all pupils, regardless of their specific needs, make the best possible progress in school.
- The needs of SEND pupils are being met in a mainstream setting wherever possible.

Code of Practice (2015)

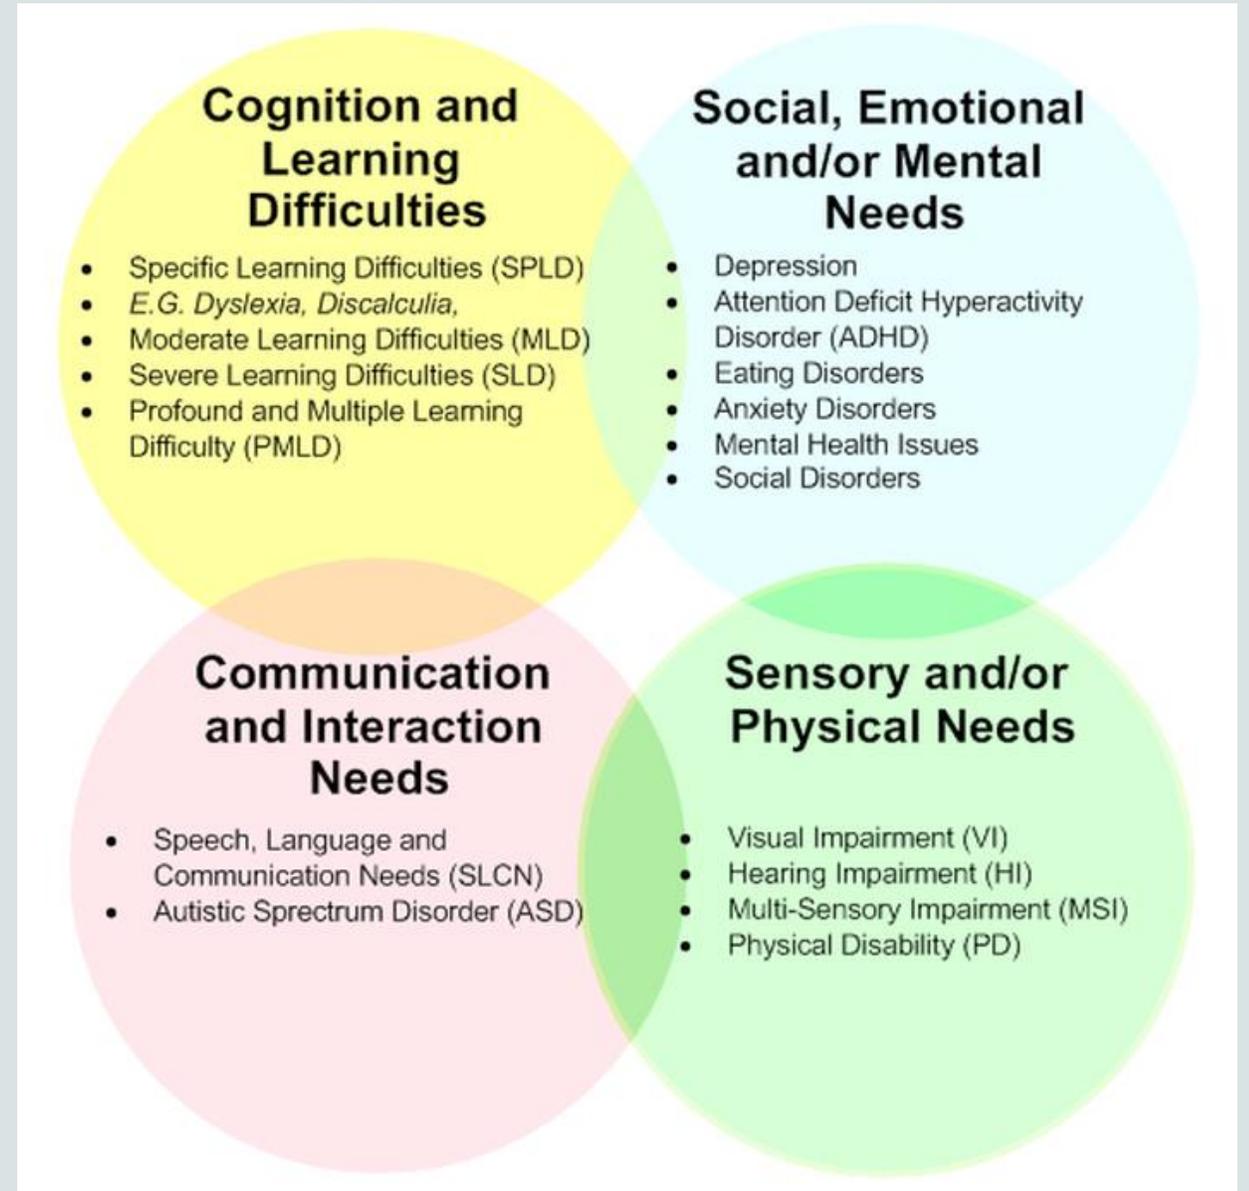

The SEND Code of Practice 2015 states that a child has SEND if:

- They have a learning difficulty or disability which calls for special educational provision to be made
- If they have significant greater difficulty in learning than the majority of others the same age
- They have a disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

The 4 Broad Areas of Need

- Communication and Interaction.
- Cognition and Learning.
- Social, Emotional and Mental Health Difficulties.
- Sensory and/or Physical.

Interventions available in school 2022/23

Cognition & Learning

Phonics catch up/SEND program

Shine reading

Shine maths

Reading fluency

Precision Teaching

Acceleread Accelewrite

Steps web

NCTEM Maths Fluency

Daily reading

Communication & Interaction

Speech sound production

Blank Level Questioning

Language for Thinking

Intensive Interaction

Lego Therapy

Chatterway

Language Link

Selective Mutism

Social, Emotional & Mental Health

Zones of Regulation

Meet & greet

5 Point Scale

Daily check in

Wellbeing

Social Stories

Social Detective

Talkabout

Play therapy

Physical & Sensory

Sensory room

Sensory breaks

Sensory Circuits

Adaptive aids

Fine motor skills

Handwriting

Occupational Therapy

Sensory Diet

Forest School

What is the Local Offer?

- Since The 2014 Children and Families Bill, Local Authorities are required to publish and review information about the services they expect to be available for children and young people with SEND aged 0- 25. The LA refer to this as the 'Local Offer'.
- The intention of the Local Offer is to improve choice and transparency for families. It is also an important resource for parents in understanding the range of services and provision locally. The web site for the Local Offer in Northamptonshire is: <https://www.northamptonshire.gov.uk/councilservices/children-families-education/send/local-offer/Pages/default.aspx>
- Schools use the Local Offer to meet the needs of SEND pupils as determined by school policy and the provision that the school is able to provide.

Who should I speak to?

- The best people to talk to about your child's difficulties with learning/ Special Educational Needs or disability (SEND) at St Andrews Primary School:
- You can talk to your child's Class teacher. S/he is responsible for:
- Checking your child's progress and identifying, planning and delivering any additional help your child may need (e.g. like targeted work, additional support etc) in accordance with the SEND Policy.
- Recording any additional help on the school's Provision Map.
- Liaising with the SENDCo if and when necessary.
- You can also talk to our SENDCo, Miss Shelley Hannant. Our SENDCo is onsite every day or you can email s.hannant@standrews.pdet.org.uk

Shelley Hannant, SENDCo

Who should I speak to?

- Our SENDCo is responsible for:
- Developing and reviewing the school's SEND policy.
- Coordinating all the support for pupils with special educational needs or disabilities (SEND).
- Supporting class teachers in the planning and assessing of SEND Support Plans and the assessing of individual pupil's progress using the provision map.
- Ensuring that parents are fully informed about any extra support their child receives and that they are involved in supporting their child's learning and reviewing their progress.
- Making referrals to agencies who come into school to help support pupil's learning e.g. Speech and Language Therapy, Educational Psychology etc.
- Liaising with these agencies.
- Updating the school's SEND register (a system for ensuring that all the SEND needs of pupils in this school are known) and making sure that records of their progress and needs are kept.
- Facilitating specialist training and support for teachers and support staff in the school so that they can help children with SEND in the school to achieve the best progress possible.

Shelley Hannant, SENDCo

• SENDCo Email – s.hannant@standrews.pdet.org.uk

• Telephone – 01536 512581

Who should I speak to?

- You can also talk to our Head Teacher, Mr Ben Arnell. He is responsible for:
- The day-to-day management of all aspects of the school, including the support for children with SEND.
- Making sure that the Governing Body is kept up to date about issues relating to SEND.
- The Head Teacher will give responsibility to the SENDCo and Class teachers, but is still responsible for ensuring that your child's needs are met.
- Head Teacher Email – b.arnell@standrews.pdet.org
- Telephone – 01536 512581

Ben Arnell, Head Teacher

Who should I speak to?

- **Our SEND Governors:**
- Bev Wright and Emma Crossdale are the SEND Governors, which means that they take a special interest in SEND issues and have a wealth of expertise in the area.
- Mrs Cathy Armstrong is the Chair of our Governing Body.

Cathy Armstrong, Chair of Governors.

What support is available for children with SEND in our school?

- **Class teacher input (Quality First Teaching)**

- For your child this would mean:

- That the teacher has the highest possible expectations for your child and all pupils in their class.
- That all teaching is built on what your child already knows, can do and can understand.
- Different ways of teaching are in place so that your child is fully involved in learning in class. This may involve things like using more practical learning, various resources and visual supports.
- Specific strategies (which may be suggested by the SENDCo or outside agencies) are in place to support your child to learn.
- Your child's teacher will have carefully checked on your child's progress and may have decided that your child has a gap or gaps in their understanding/learning and needs some extra support to help them make the best possible progress.

High expectations for all 'Every Child, Every Day'	Sharp LOs which are skill or knowledge based	Flexible approach / adaptive teaching
High quality resourcing	Effective questioning	Recall and review strategies
Modelling / worked examples 'I do, we do, you do'	Inspiring and purposeful learning	Visual Cues
Promotion of self-regulation strategies	Explicit teaching points & vocabulary	Application of disciplinary literacy

What support is available for children with SEND in our school?

- **Specific group work and 1:1 interventions**

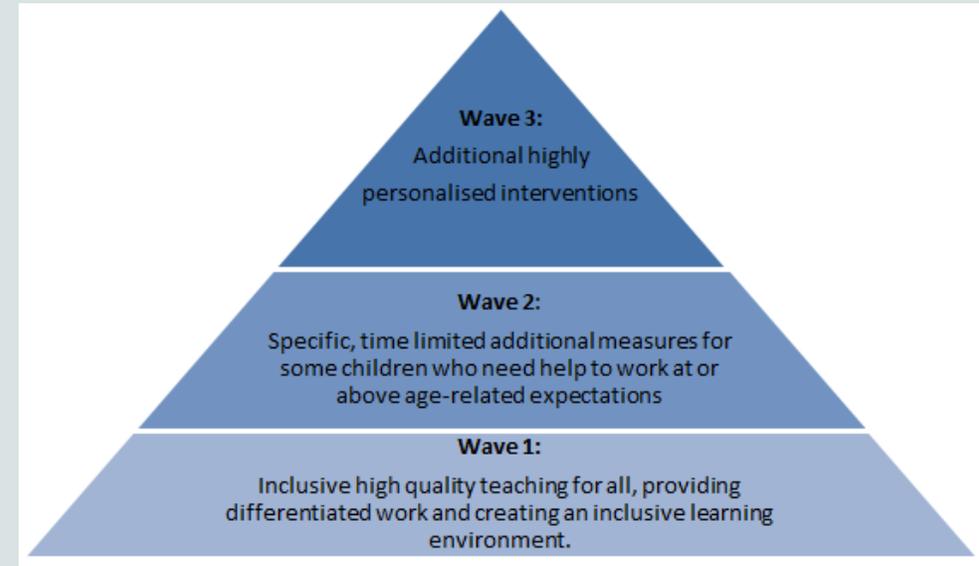

- These may be:

- Run in the classroom or in another part of the school.

- Run by a teacher or Teaching Assistant (TA).

- Specialist outside agencies working in school e.g. Speech and Language Therapy, Occupational Therapy, Physiotherapy.

- If your child has been identified as needing interventions and /or extra specialist outside support in school in order to progress with his/her learning they may be given a Learning Support Plan and placed on the SEND register after a discussion with parents.

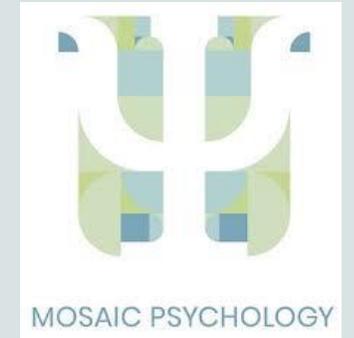

The SEND Learning Support Plan

If a pupil is given a Learning Support Plan this means they have been identified by the SENDCo / class teacher as needing some extra specialist support in school. This may be from:

- Trained staff from within school.
- Local Authority services, such as the Specialist Support Services
- Hearing/Visual Impairment Services and the Educational Outreach Teams.
- Educational Psychologists, Occupational Therapists and Specialist Teachers for Dyslexia
-

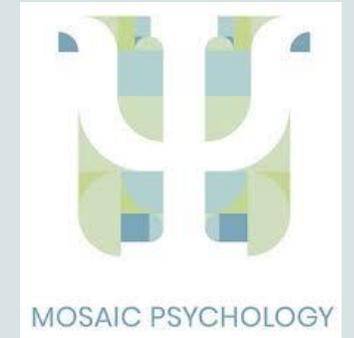

If your child is identified as needing a SEND Support Plan you will be asked for your views and opinions on how best to help your child. Your child's view will also be sought informally and they will be made familiar with their targets.

At the end of the term the plan will be reviewed by parents, staff and your child (as far as is possible – this may be difficult for very young children or children with delayed development).

The SEND Learning Support Plan

- You may be asked to give your permission for the school to refer your child to specialist professional e.g. a Speech and Language Therapist or Educational Psychologist. This will help the school and yourself understand your child's particular needs better and therefore be able to support them better in school. The specialist professional will work with your child to understand their needs and make recommendations as to the ways your child is given support, they may also be involved in the review process.
- Our school works with Mosaic Educational Psychology, Blossom Occupational Therapy, JoGo Play Therapy and Behaviour Support and Assess Dyslexia Northants. We also work with the Local Authority Outreach Teams; Portage (Nursery), Rowan Gate School, Maplefields School & the SEND Support Service.

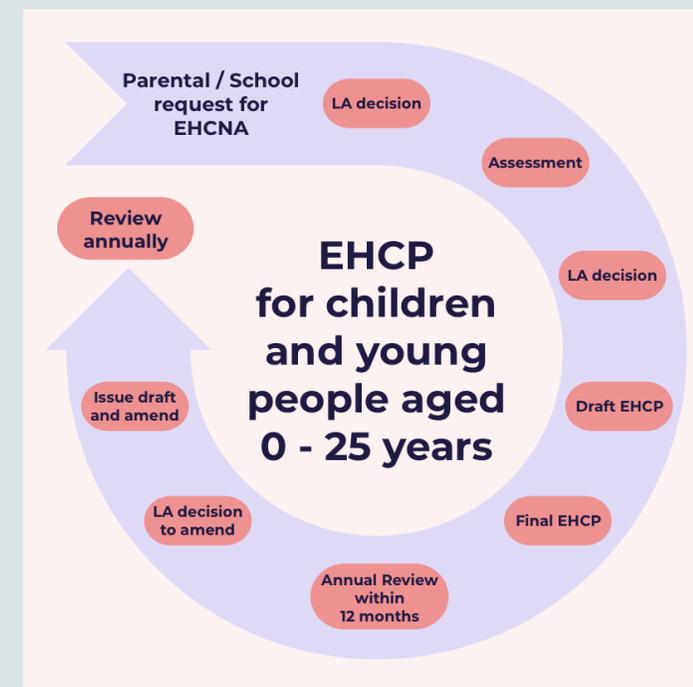

High Needs Funding

- If your child has a SEND Support Plan and we feel they are still not making sufficient progress, we can apply for Early Help Locality Funding (EHLF), or for nursery pupils, SENIF funding. The high needs funding system supports provision for pupils and students with special educational needs and disabilities (SEND) from their early years to 25. The Children and Families Act 2014 extends local authorities' statutory duties relating to SEND across the 0 to 25 age range.
- A range of providers have a duty to cooperate with the local authority on arrangements for children and young people with SEND (with a reciprocal duty on the local authority). Under current rules, mainstream schools educating high-needs pupils have to pay for the first £6,000 of their teaching, which is then topped up by councils. High needs funding is reviewed every 12 months.

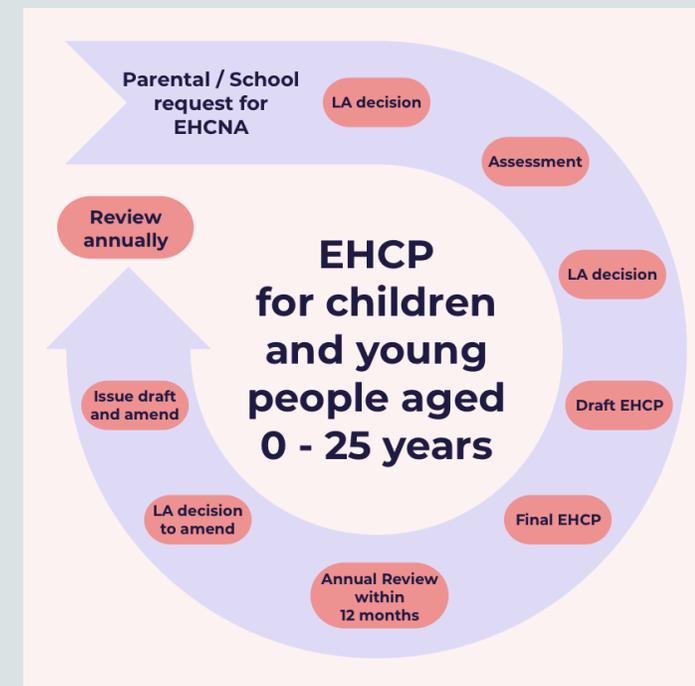

The Education, Health and Care Plan (EHCP)

- This type of support is available for children whose needs are more severe and complex and cannot be overcome through Quality First Teaching and intervention work, or even High Needs Funding. This means the child will have been identified by professionals as needing a particularly high level of individual or small group support. The child may also need specialist support in school from a professional outside the school.
- If staff feel that your child needs an EHCP, the SENDCo will make the request using evidence gathered from school and from any outside agencies that have been involved in assessing or working with your child. As a parent you can also request that the Local Authority (LA) carry out an assessment of your child's needs.

The Education, Health and Care Plan (EHCP)

- After the request has been made to the 'Panel of Professionals' (with a lot of information about your child, including some from you), they will decide whether they think your child's needs (as described in the paperwork provided), seem complex enough to warrant an EHCP. If this is the case, they will ask you and all the professionals involved with your child to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue with the current support. They may suggest that the SENDCo applies for Higher Needs Funding. If granted, this allows the school to put extra support in place for your child.
- If your child is given an EHC Plan, it will outline the number of hours of individual/small group support your child will receive from the LA and how the support should be used and what strategies must be put in place. It will also have long and short term goals for your child.
- An additional adult may be used to support your child with whole class learning, run individual interventions or run small groups including your child.
- EHC Plans are reviewed annually.

Provision Map

- At St Andrews Primary School, we also track the needs of our pupils on a school provision map which identifies all pupils with a special need and the support they receive. This includes pupils who do not have a SEND Support Plan or EHCP. It is reviewed termly and each pupil's progress is assessed. Changes are made as needed.
- Your child's progress will also be continually monitored by his/her class teacher, as well as the SENDCo. Their progress will be reviewed formally every term by the Class Teacher and Head Teacher in Pupil Progress Review meetings.

How is St Andrews Primary School accessible to children with SEND?

- We ensure, wherever possible, that equipment used is accessible to all children regardless of their needs.
- Wherever possible, we make sure extra-curricular activities are accessible for children with SEND and consult parents where additional resources need to be in place.
- The school has an evac chair for first floor classrooms.
- Classrooms all have communication boards, and there are three communication board banners in communal spaces.
- We access support from the Hearing & Vision Impairment teams
- We support SEND pupils with transition (either when they joining us, or are leaving this school, or moving on to another class). We recognise that transitions can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible

If your child is moving to another school:

- For moves to secondary school our SENDCo will meet with the SENDCo from the next setting and ensure they know about SEND issues and any special support that needs to be in place for your child.
- In certain circumstances our SENDCo may also arrange transition meetings to include parents and other members of staff.
- Where possible your child will visit their new school on several occasions and in some cases staff from the new school will visit your child in this school.
- Year 6 teachers will discuss your child with staff from the secondary school.
- For moves to school out of the area our SENDCo will contact the new school by phone or email.
- We will make sure that all records about your child are passed on as soon as possible.

When your child moves to another class:

- Planning meetings will take place with the new teacher. Learning Support Plans will be shared with the new teacher.
- Your child will take part in a transition day in order to familiarise themselves with their new environment. They will also get to know their new class teacher and the teaching assistants with whom they will be working.
- Your child may work on social stories to help their understanding of the transition. Transition booklets may be made with photographs of staff and the new classroom.
- You will also get a chance to meet with the new class teacher to discuss any concerns you may have.

Emotional & Social Development:

- We recognise that pupils with SEND may have Emotional and Social Development needs that will require support in school.
- Referrals to outside agencies (eg. Bereavement Counsellors, School Nurses, Health Visitors) are completed by the Inclusion Team as necessary.
- We have Behaviour and Anti-Bullying Policies.
- We have a Safeguarding Policy in place and follow National & LA Guidelines.
- The Head Teacher, SENDCo, Early Years Leader and Family Support Worker are designated Safeguarding Leads.

Where else can I go for advice and support?

- Northampton's Information and Advice Service (IASS) can signpost you to available support.
- <https://www.iassnorthants.co.uk/Pages/home.aspx>
- SNIX is a magazine listing extra curricular activities for children with SEND.
- [Special Needs Index \(SNIX\) - Special educational needs and disability \(SEND\) support \(northamptonshire.gov.uk\)](http://northamptonshire.gov.uk)
